

THE BLOOMFIELD GROUP ENVIRONMENT POLICY

It is the policy of the Bloomfield Group, and its subsidiary and associated companies, to strive to achieve a high standard of care for the natural environment in all of the activities in which we engage during the production of quality coal and the provision of engineering related services.

We aim to conduct our operations in an ecologically sustainable manner by:

- Identifying, monitoring and managing risks arising from our operations in accordance with the structure
- Minimising our impact on the environment through the:
 - prevention of air, ground and water pollution;
 - reduction of noise associated with our activities to as low as reasonably practicable;
 - control of waste associated with our activities;
 - rehabilitation of disturbed areas; and
 - management of energy consumption and greenhouse gas production.
- Identifying, monitoring and managing risks arising from our operations in accordance with the structure of our Environment Management System, which establishes the appropriate objectives and targets related to the environmental aspects relevant to the scope of the Operation;
- Reviewing our environmental management activities and seeking to continually improve our production processes, waste management and the use of resources;
- Conducting our operations in compliance with all relevant environmental regulations, licences and legislation;
- Communicating with employees about our aim and about their individual responsibilities;
- Informing our contractors, customers and suppliers of our aim and of their environmental responsibilities in relation to our business;
- Communicating with the community and relevant government bodies with regard to our environmental performance, obligations and issues, as appropriate to their interests.
