

THE BLOOMFIELD GROUP WORK HEALTH, SAFETY & WELFARE POLICY

The Bloomfield Group strives for high standards of Work Health, Safety and Welfare in the conduct of its operations, and we are uncompromising in our commitment to the well-being of our people.

Our goal is zero injuries and incidents, and a healthy work environment.

This will be achieved through the commitment of all workers and suppliers in the systematic identification, evaluation, control, monitoring and review of all hazards associated with the operations, and through providing our people with the necessary knowledge, skills and resources in order for them to operate safely.

We will foster a culture of leadership, accountability, consultation and continuous improvement at all levels of the organisation. All workers and suppliers are required to accept accountability for following The Bloomfield Group Values, Policies, Management Systems, Plans and Standards.

We will measure our performance against the Values, Policies, Standards and accepted industry practice which will comply, in so far as is reasonably practicable, with relevant legislation, regulations, licences, Australian Standards, and Codes of Practice.

Respect and dignity will be accorded to people during periods of injury and illness and in the support of their efforts to return to work.
