Bloomfield hosts Year 9 Singleton High

The Bloomfield Group's Rix's Creek Mine recently became a giant, open-air classroom when 25 year nine students from Singleton High School toured the site.

The tour was part of the Upper Hunter Mining Dialogue's School Mine Tours Program which is scheduled to see about 1200 local Year 9 and Year 5 students visit mine sites across the Upper Hunter over the next year.

The School Mine Tours Program aims to educate Upper Hunter students on all aspects of coal mining including its impacts on the community and the benefits it provides in our day-to-day lives.
